## HIGH AND COMMON SCHOOLS REPORT

In Whitefield High School there has been a registration of 27 pupils for the fall and winter terms. This school is now large enough to make the classes interesting but not too large for attention to the individual needs. The pupils who desire Latin and French are very fortunate to have a principal who is qualified to teach those subjects.

Whitefield's highest ranking pupils in the examinations to enter high school are as follows: Grant Staples, David Finley, Lawrence Felt, Cornelius Bushnell and Miriam Graffam. Grant Staples has the honor of having the highest rank in the four towns and David Finley has third highest honors.

PLEASE READ: It is not possible for a town having nine schools to buy enough textbooks and supplies with \$150 a year. This is all you have voted for the past two years. Before that you appropriated \$350 per year. Books in constant use like histories, arithmetics, lower grade readers, etc. will wear out and many are needed for replacement now. If you wish your children to have up-to-date books, give us a liberal appropriation to enable all of the pupils to have the new geographies and English books. Even with the \$350 I am asking, not all can be purchased that are needed, but it will relieve the most pressing needs. Please remember the high school books come from this fund as well as the grades.

The Northey School now has a registration of 8 pupils. Unless a school has an *average* attendance of at least 8 the law requires closing unless kept open by vote of the town. Since all are young pupils and that road is unfit for transportation we are asking you to vote for the School Committee to keep that school open, if necessary.

You will note we have some left under repairs. That we plan to use towards purchasing new stoves for the church and Keyes Corner schools. These must be in the school rooms before the Spring term opens. Both stoves are beyond repair and a daily fire hazard. The stoves and freight will exceed what we have left over.

It pays to buy a good stove for those last for many years. The poorer quality last from 2 to 5 years.

The North Whitefield schoolhouse needs shingling on both sides, and the Coopers Mills on one.

We hope you will consider your teachers in making appropriations for next year. Their present salaries are from \$1.50 to \$5.50 below the other three towns in this union, except one small school at \$10.

The following appropriations are recommended:

Common Schools	\$2,500
Textbooks and Supplies	350
High School and Tuition	1,600
High School Transportation	400
Repairs and Insurance	250

Respectfully submitted,

ARTHUR F. McCURDY,  
JOHN F. McLAIN,  
ERNEST E. DUNTON,  
School Committee.

LILA N. LEAVITT,  
Superintendent.

## WARRANT FOR TOWN MEETING

To W. E. Cunningham, a constable of Whitefield in the County of Lincoln, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Whitefield, qualified by law to vote in town affairs to meet at the town house in said town on the fifth day of March, A. D. 1934 at ten o'clock in the forenoon to act on the following articles, to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 19. To see if the town will vote to authorize the selectmen to sell the tax deeds in the hands of the treasurer.

Art. 20. To see if the town will vote yes or no on the question of appropriating and raising money to entitle the town to state aid as provided in section 19, Chapter 25 of the Revised Statutes of 1916.

Art. 21. To see what sum of money the town will vote to raise for the construction of state aid road as outlined in the report of the state highway commission in addition to the amount regularly raised for ways, highways, and bridges.

Art. 22. To see if the town will vote to authorize the Superintending School Committee to continue the Northey school.

Art. 23. To see if the town will vote to accept the list of jurors as prepared by the municipal officers.

Art. 24. To see if the town will vote to authorize the selectmen to hire money should the same become necessary.

Art. 25. To see if the town will vote the wages of men, teams, and trucks on the highway and the salary of the several town officers.

Art. 26. To see if the town will vote to locate the Third Class road between the Alna town line near the residence of Rear Admiral P. S. Rossiter and the State Aid road at Whitefield village, the same being the number 7 road so-called.

Art. 27. To see if the town will vote to designate or approve a 3rd class road in the western part of the town of Whitefield at route 126 leading to South Windsor.

Art. 28. To see where the town will vote to locate, designate and approve a third class road.

Art. 29. To see if the town will vote to grant and raise \$150 to change the road on Hanley Hill.

The selectmen will be in session at the town house in said Whitefield, at nine o'clock in the forenoon on the day of said meeting for the purpose of correcting the list of voters in said town.

Hereof fail not and have you there and then this warrant with your doings thereon. Given under our hands in the said Town of Whitefield this seventeenth day of February, A. D. 1934.

LORE H. FORD,  
JEROME KEATING,  
Selectmen of Whitefield.

## HIGH AND COMMON SCHOOLS REPORT

Do you realize the qualifications a man must have to be a successful principal of a one teacher high school? Not only must he be able to teach history, English, algebra, science, general mathematics and civics, but he must also teach French and Latin. Most high school teachers are not well-qualified in more than two or three subjects. A one teacher school is one of the hardest places to fill with a satisfactory teacher and also the work is hardest for the teacher. The pupils going out from our school into city high schools are showing satisfactory training.

We often notice that parents do not carefully inspect the rank cards of their children. Often you could help them very much if you look at the cards, and if you find poor ranks try to find out the cause. We advise talking with the teacher and asking her why she thinks they are failing. All of the grade teachers have been asked to try to give the pupils the ranks they deserve. It is seldom possible for two teachers to rank exactly alike but if year after year your children get fair, good or excellent ranks they should get about the same in high school. We hardly ever find a teacher giving too

low ranks. The tendency in common school is to give too high. In our high school we have watched the ranks for a long time. For several years now the ranks of those going from our school into other schools remain about the same as here. That to us is very good proof that the ranks given correspond with those in larger schools.

Due to the interest and help of the late Lore H. Ford, we received toward buying paint for schoolhouses \$150.00 and nearly \$1,300. to expend for work on our buildings. In carrying out this work thanks are due to our present selectmen and all of the CWA workers who cooperated with us in every way to put our schoolhouses into good repair. Using very light paint and paper has lessened the strain on the pupils' eyes and made the rooms more attractive too.

It seems strange but we quite often have been questioned as to why we have so much transportation. We have looked this matter up very carefully and all the transportation we have hired is very necessary. We are fortunate to have so few to transport. At Keyes Corner we transport all of the Lewis School pupils. For part of the year there has been pupils in the Fowies School section and transportation was needed. Besides the parts of the town where two schools are closed we have hired transportation for a family of small children and one child who has a doctor's certificate.

You will note by statistics that several of our schools are quite small. The Northey falls below the required average attendance of 8 pupils and can only be maintained by vote of the town. We recommend a favorable vote on that article as the pupils are young and for a part of the year that road is impassable.

The voters in this town have given the recommendations of the "Maine Public School Finance Commission" very excellent support. The petitions to our senator and representative have a little over 300 names.. If the legislation proposed by this commission becomes a law it will not become effective

until 1936. Therefore we will have to support our schools in the usual way this year and no more aid will be received from the state

The extra funds to expend for books has been a great help to us. Some worn-out books have been replaced and a good start made in buying new geographies and English books. We still need many to equip all schools with up-to-date books. In these times all children should have suitable books, for unless they do it is almost impossible to make proper preparation for high school.

We have purchased a stove for the Church School this year and need one very much at the Keyes Corner School. The fence around the schoolhouse lot at North Whitefield is in poor condition and should be rebuilt. It is next to a pasture and we have already been asked several times to put up a strong fence there.

Am sure we all join in thanking our town officers for their very prompt payment of our salaries and other school bills.

The following appropriations are recommended:

Common Schools	\$2,200 00
Textbooks and Supplies	250 00
High School and Tuition	1,500 00
High School Transportation	500 00
Repairs and Insurance	150 00

Respectfully submitted

## WARRANT FOR TOWN MEETING

To W. E. Cunningham, a constable of Whitefield in  
the County of Lincoln, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Whitefield, qualified by law to vote in town affairs to meet at the town house in said town on the fourth day of March, A. D. 1935 at ten o'clock in the forenoon to act on the following articles, to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a clerk.

Art. 3. To hear and act on the report of the several town officers.

Art. 4. To elect selectmen, assessors and overseers of the poor.

Art. 5 To elect a treasurer.

Art. 6. To elect an auditor.

Art. 7. To elect one or more road commissioners.

Art. 8. To elect a collector of taxes.

Art. 9. To fix the time the taxes of 1935 shall be paid in full.

Art. 10 To elect one or more members of the school committee.

Art. 11. To elect one or more fire wards.

Art. 12. To choose all other necessary town officers.

Art. 13. To see what sum of money the town will grant and raise for the support of common schools, for free high school, for repairs of school buildings, for text-books and supplies, and for transportation of high school pupils for the ensuing year.

Art. 14 To see what sum of money the town will grant and raise for the support of poor, for the repair of roads and bridges, for snow bills, for patrolman, for interest, for incidental expenses, for salary of superintendent of schools, and for cutting bushes on improved roads, for the ensuing year.

Art. 15. To see what sum of money the town will raise to decorate the graves of soldiers buried in town.

Art. 16. To see what sum of money the town will grant and raise for street lights in town.

Art. 17. To see what sum of money the town will grant and raise for maintaining the improved sections of third class highways.

Art. 18. To see what sum of money the town will grant and raise to pay on the town debt.

Art. 19. To see if the town will vote to authorize the selectmen to sell the tax deeds in the hands of the treasurer.

Art. 20. To see if the town will vote yes or no on the question of appropriating and raising money to entitle the town to state aid as provided in section 19, Chapter 25 of the Revised Statutes of 1916.

Art. 21 To see what sum of money the town will vote to raise for the construction of state aid road as outlined in the report of the state highway commission in addition to the amount regularly raised for ways, highways, and bridges.

Art. 22. To see if the town will vote to authorize the Superintending School Committee to continue the Northey school.

Art. 23. To see if the Town will vote to grant and raise the sum of \$600 for the purpose of paying the loan on the snow plow purchased by vote of the town at special town meeting.

Art. 24. To see if the town will vote to authorize the selectmen to hire money for temporary loan should the same become necessary.

Art. 25. To see if the town will vote the wages of men, teams, and trucks on the highway and the salary of the several town officers.

Art. 26. To see if the Town will vote to grant and raise \$400 for town road number 7 between Ted Jewett's South Line and the Alna town line. (By petition of C. H. Bushnell and 8 others.)

Art. 27. To see if the town will vote to grant and raise \$200 to be expended on the road from Carrie Goud's corner toward the residence of George Hausen. (By petition of H. C. Bailey and 10 others.)

The selectmen will be in session at the town house in said Whitefield, at nine o'clock in the forenoon on the day of said meeting for the purpose of correcting the list of voters in said town.

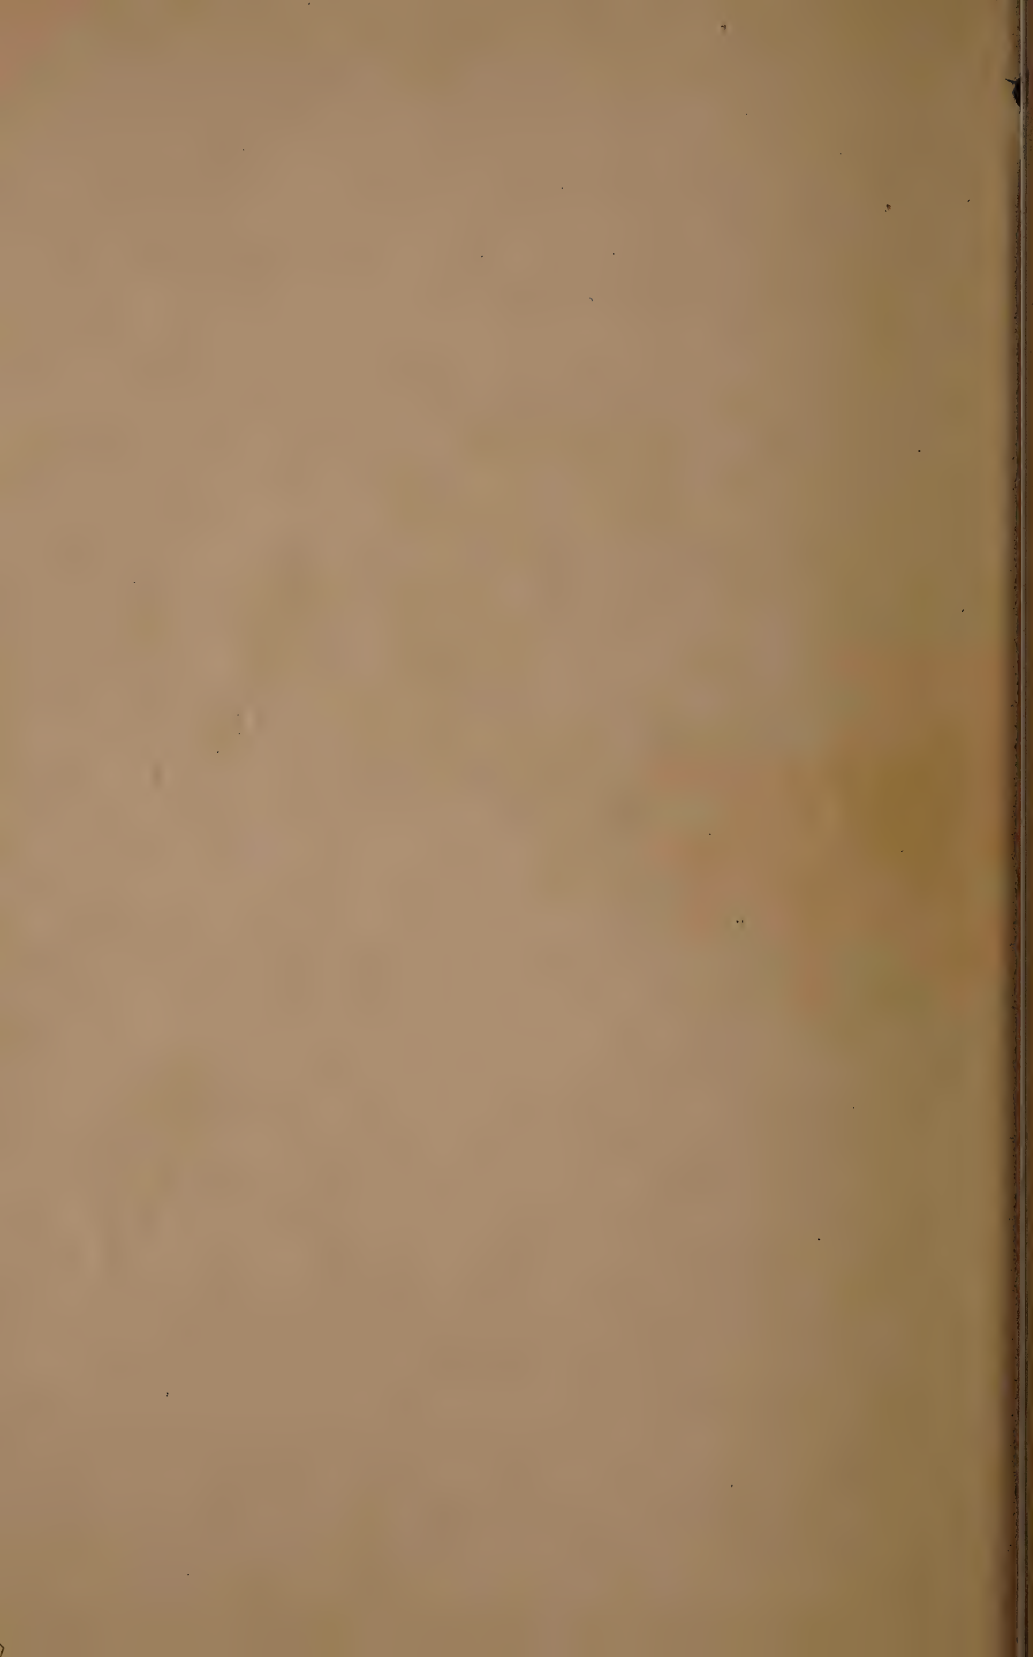

Hereof fail not and have you then and there this warrant with your doings thereon. Given under our hands in the said Town of Whitefield this eighteenth day of February, A. D. 1935.

LESLIE B. HISLER,  
HENRY W. PLACE,  
JOHN HICKEY,

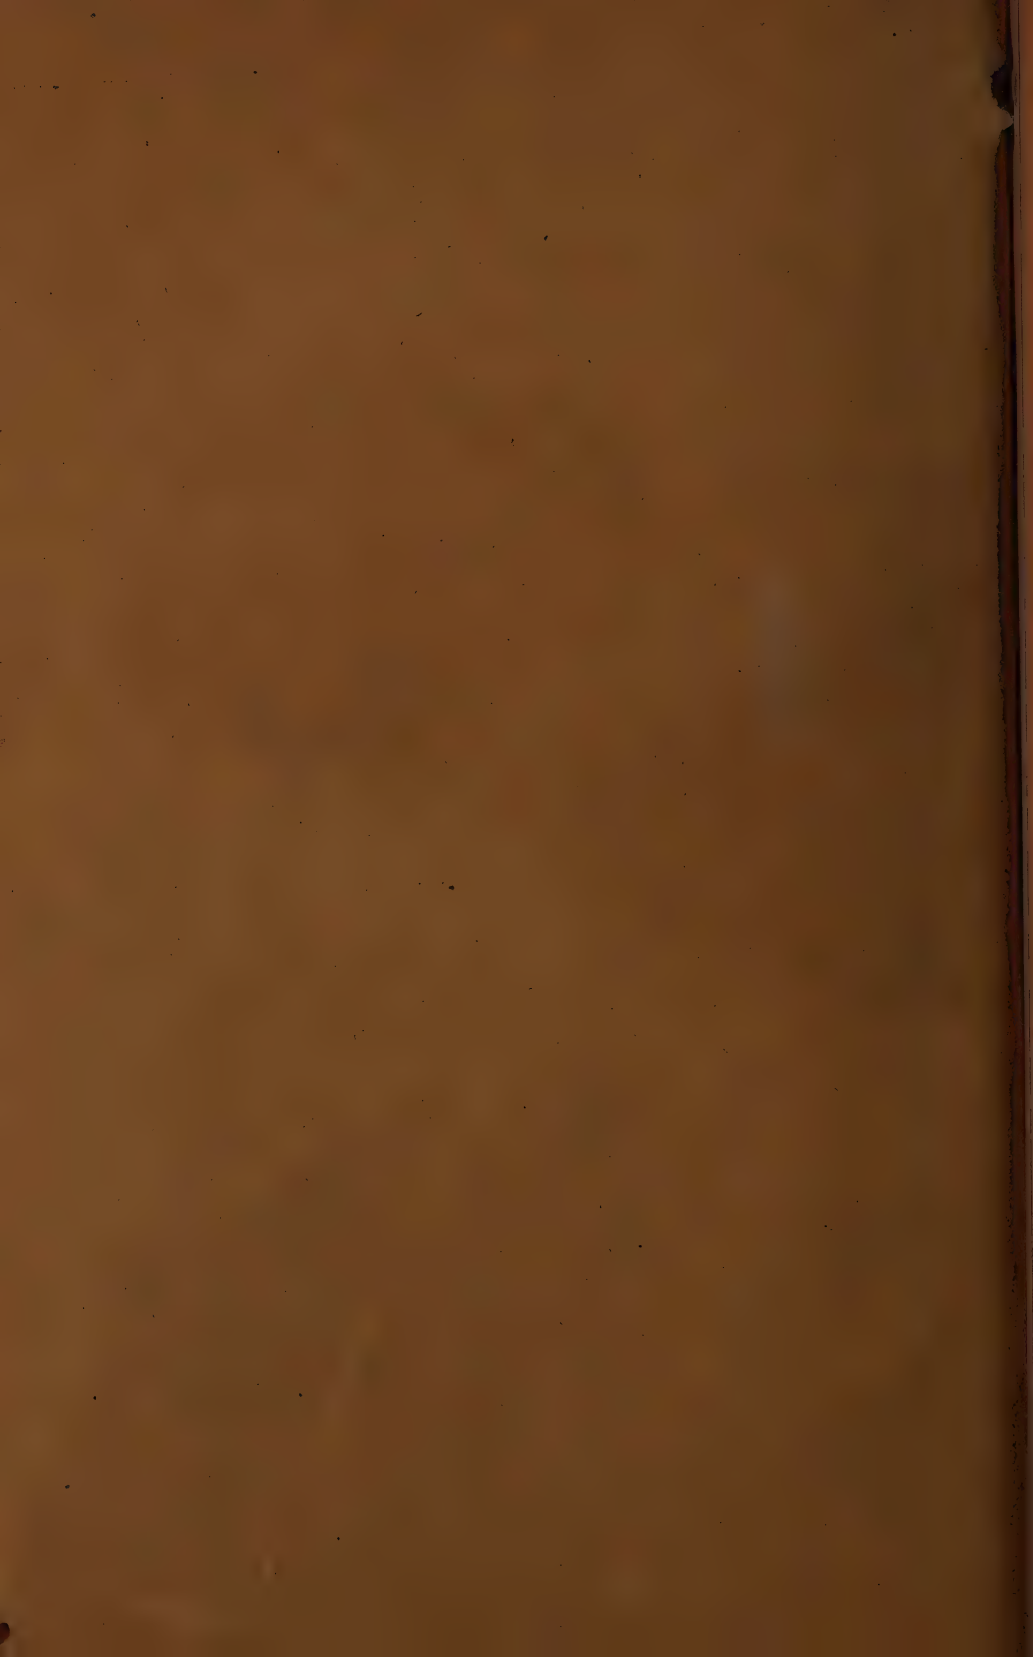

Selectmen of Whitefield.

### HIGH AND COMMON SCHOOLS REPORT

The present registration at Whitefield High School is 26. Of this number 4 are non-resident pupils. Their tuition will help on our high school expenses. Financially as well as educationally maintaining our own high school is a help to the town. \$60 is the lowest tuition we are paying this year and in some schools it is \$100 per pupil. The tuition for the 20 pupils who are at-

tending Coburn, Gardiner High, Erskine Academy, Cony and Bridge Academy will be about \$1500. Please note the enire cost of our own high school is only \$853.

I have very carefully checked the ranks of the tuition pupils and find the ranks correspond very closely with those given here.

It seems to me a mistake to not vote enough to pay for the cost of high school and tuition. The amount I am recommending is the probable cost for next year — it isn't possible to tell exactly, for we never know how many will attend out-of-town schools. Your high school transportation appropriation has been a help to 24 pupils this past year. I feel quite sure there are several who could not have attended high school, if they had not had this help.

The Carleton school has a registration of 7. All of these belong there. 3 can get to Kings Mills School without any expense to the town. 4 will need transportation, if that school is closed at the end of this winter term. The average attendance for the past year has been a little over 7. Since the average for the year is less than the 8 required by law, it will not be re-opened in the spring unless the town votes to do so. It did not fall below 8 last year so it was legal to maintain it.

We have made some progress in equipping the schools with the latest editions of textbooks. All of the pupils are now supplied with new geographies and English books and all of the 7th and 8th grades with new histories. There are still many new books needed. New primary readers and material to use with the readers, new penmanship books and more histories are the most pressing needs. These new books are more interesting, have new material and are a great help in preparing the pupils for their high school work.

Our teachers have loyally cooperated with us, taken an interest in their work and tried to do all they could for their pupils. It seems to me it is only right to increase their salaries. We can at least pay them a little more without burdening the town. I'm only recommending \$150. more than you voted last year, as with that and what we have not expended this year, we can

give them a small increase. In this school union of 24 schools, there is only 1, outside of this town, that pays as low as \$10 a week. Here we have 7 teachers receiving from \$9 to \$10.50 per week. Teachers, even if they do live at home, have to have board and most of them are obliged to provide and maintain a car to drive to and from school. Then too, teachers are expected to attend school meetings, state, county and local, and subscribe for at least 1 school magazine. There have been so many changes in the methods of teaching, that the State Department of Education advises all teachers who have been out of Normal School 3 years or more to attend summer school. The cost of board and room is \$30 for the 6 weeks. Teachers, besides paying for their education, do have more expenses than in many other kinds of work.

The following appropriations are recommended:

Common Schools.....	\$2,150.00
Textbooks and Supplies.....	250.00
High School and Tuition.....	1,700.00
High School Transportation.....	350.00
Repairs and Insurance.....	150.00

Respectfully submitted,

LILA N. LEAVITT,  
*Superintendent*

**TOWN WARRANT**

To W. E. Cunningham, a constable of Whitefield in the County of Lincoln and State of Maine.

Greeting:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Whitefield, qualified by law to vote in town affairs, to meet at the town house in said town on the second day of March, A. D. 1936 at ten o'clock in the forenoon to act on the following articles, to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a clerk.

Art. 3. To hear and act on the report of the several town officers.

Art. 4. To elect selectmen, assessors, and overseers of the poor.

Art. 5. To elect a treasurer.

Art. 6. To elect an auditor.

Art. 7. To elect one or more road commissioners.

Art. 8. To elect a collector of taxes.

Art. 9. To fix the time the taxes of 1936 shall be paid in full.

Art. 10. To elect one or more members of the school committee.

Art. 11. To elect one or more fire wards.

Art. 12. To elect one or more constables.

Art. 13. To choose all other necessary town officers.

Art. 14. To see what sum of money the town will grant and raise for the support of Common Schools, for free high school, for textbooks and supplies, and for transportation of high school pupils for the ensuing year.

Art. 15. To see what sum of money the town will grant and raise for repairs of school buildings for the ensuing year.

Art. 16. To see what sum of money the town will grant and raise for the support of poor for the ensuing year.

Art. 17. To see what sum of money the town will grant and raise to pay on the town debt.

Art. 18. To see what sum of money the town will grant and raise for interest, for town officers' salaries, for salary of superintendent of schools, and for incidental expenses, for the ensuing year.

Art. 19. To see what sum of money the town will grant and raise to decorate the graves of soldiers buried in town.

Art. 20. To see what sum of money the town will grant and raise for street lights in town.

Art. 21. To see if the town will vote to authorize the selectmen to sell the tax deeds in the hands of the treasurer.

Art. 22. To see if the town will vote to authorize the selectmen to hire money in anticipation of taxes should the same become necessary.

Art. 23. To see what sum of money the town will grant and raise for maintaining the improved sections of third class highways, for

patrolman, and for cutting bushes on improved roads for the ensuing year.

Art. 24. To see what sum of money the town will grant and raise for the repair of roads and bridges for the ensuing year.

Art. 25. To see what sum of money the town will grant and raise for snow bills for the ensuing year.

Art. 26. To see if the town will vote to fix the wages of men, teams, and trucks on the highway, and the salary of the several town officers for the ensuing year.

Art. 27. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State Aid as provided in Section 20, Chapter 28 of the Revised Statutes of 1930.

Art. 28. To see what sum, if any, the town would recommend to take from the joint state aid account for the purpose of applying bituminous surface treatment to state aid roads, in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Art. 29. To see what sum of money the town will grant and raise for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 173, Public Laws of 1935.

Art. 30. To see if the town will vote to authorize the Superintending School Committee to continue the Carleton School should it (in their opinion) be advisable to do so.

Art. 31. To see if the town will vote to authorize the Superintending School Committee to continue or close the Plains School, the Northey School, or other schools as it (in their opinion) may be advisable.

Art. 32. To see if the town will vote to grant and raise the sum of one hundred and fifty dollars (\$150) to be expended on the road from the No. 7 schoolhouse to the Alna line by Louis Hanscom's. (By petition of Louis W. Hanscom and 7 others.)

Art. 33. To see if the town will vote "YES" or "NO" on the question of appropriating all special road appropriations from the amount regularly raised for the repair of roads and bridges instead of raising the said special road appropriations by taxation.

Art. 34. To see if the town will vote to accept \$100 from the Charles Bruce and \$100 from the Mary L. Dow Estates in trust for care of cemetery lots.

Art. 35. To see if the town will vote to grant and raise the sum of \$113 to meet the emergency expenditure incurred during the North Whitefield Fire.

Art. 36. To transact any other business that may legally come before said meeting.

The Selectmen will be in session at the town house in said Whitefield, at nine o'clock in the forenoon on the day of said meeting for the purpose of correcting the list of voters in said town.

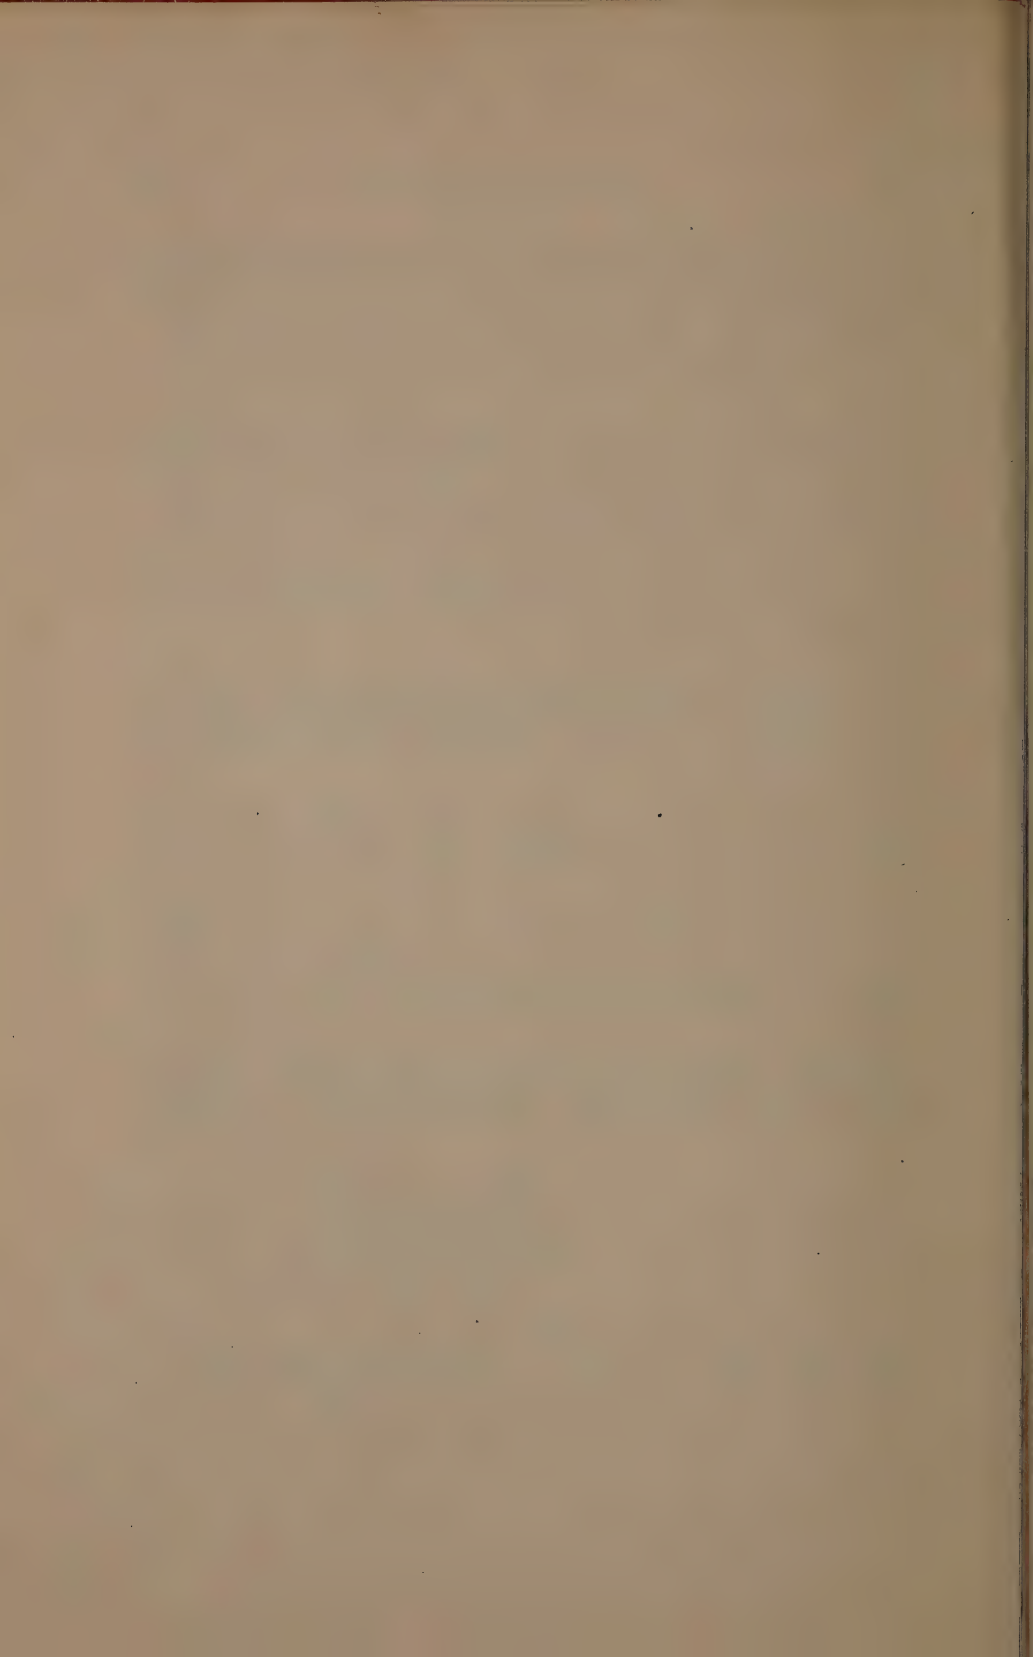

HEREOF FAIL NOT and have you then and there this warrant with your doings thereon. Given under our hands in the said Town of Whitefield this fifteenth day of February, A. D. 1936.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the Citizens of Whitefield:*

Nearly everyone knows it is cheaper to maintain our own high school than to pay tuition, but I wonder if as many realize it is a decided help to the pupils who attend. To me the pupils come first, and if the school did not help them, I would not favor maintaining it. All pupils, whether in the town of Whitefield or in larger places, find it difficult to adjust themselves to the change from the grades to high school. In a small school, the principal soon becomes acquainted with his pupils and they quickly get accustomed to his methods of teaching. Knowing them well he can see their needs and help them to meet the requirements of the new work. Recently I have heard some of the pupils make very appreciative remarks about the help they received in our high school. After two years here the pupils know what they can do and have enough confidence so the transition to a larger school is quite easy for them. The books we have, compare favorably with those in other places. This year we have new arithmetics and English books.

If the pupils entering high school did not have good preparation, they would not be able to get satisfactory ranks. Since nearly all are able to do passing work or better; I think the grade teachers deserve a great deal of praise. Am very pleased with

the improvement in English. Our principal has told me several times that our pupils come to him showing good training in this subject. Checking those who attend in other high schools I find those who do well in other subjects do well in English.

We have new floors in two schoolrooms — the High School and the Church. Two more are needed — the Kings Mills and Plains. The sub-primary classes have all been equipped with new readers and workbooks. This series was published in 1936 and is proving very satisfactory. All of the pupils have new Palmer Writing Books and each room has a set of the Palmer Wall-Cards. New intermediate histories have been put into all of the schools and several sets of supplementary readers have been purchased. We have a very good start toward up-to-date books but with so many needed it takes some time to supply the schools. This next year we need to buy the new basal readers for the first and second grades, more histories, spellers and new health books. We also need supplementary readers as most of the classes are able to read several books each year.

Please note: For the first time for several years, our High School Account shows a small amount unexpended. Tuition paid about half of the deficit. This year we have only 1 tuition pupil so will not have much to help on next year's expenses.

We are very pleased with our two-teacher school at Coopers Mills. All of the year we have had a registration of from 50 to 52 pupils.

Our teachers are still receiving very small salaries. Even in this union, the average pay in the other towns is higher than it is here.

When you are voting the school appropriations, will you please take into consideration the following conditions: The Sophomore Class is very large — this means increased high school tuition. In our Common School Account this year we have only \$22.74 unexpended. Last year we had \$257.25 toward this year's bills. Expect we will have more transportation as we have small children who are too far away to walk. It isn't possible to tell exactly what is needed but I'm only asking for

what seems to be necessary to maintain the schools and pay the bills.

I recommend the following appropriations:

Common Schools.....	\$2,500.00
High School and Tuition.....	1,700.00
Textbooks and Supplies.....	275.00
Repairs and Insurance.....	200.00

Respectfully submitted,

LILA N. LEAVITT,  
*Superintendent*

Art. 28. To see what sum of money, (if any) the town would recommend to take from the joint state account for the purpose of applying bituminous surface treatment to State Aid roads in excess of the requirements of Section 2 Chapter 132 Public Laws of 1935.

Art. 29. To see what sum of money the town will grant and raise for State Aid Road construction in addition to the amount regularly raised for the care of ways, highways and bridges under the provisions of Section 19, Chapter 26 Revised Statutes of 1930 or under the provisions of Section 3, Chapter 173, Public Laws of 1935.

Art. 30. To see if the town will vote to authorize the superintending school committee to continue the Carleton school should it (in their opinion) be advisable to do so.

Art. 31. To see if the town will vote to authorize the superintending school committee to continue or close the Plains school, the Northey school or other schools as it (in their opinion) may be advisable.

Art. 32. To see if the town will vote yes or no on the question of appropriating all special road appropriations from the amount regularly raised for the repairs on roads and bridges, instead of raising the said special road appropriation by taxation.

Art. 33. To see if the town will vote to recommend that the third class road construction for the year 1937 begin at the Chelsea town line near the residence of Leon Allen.

Art. 34. To see if the town will vote to pay amount of money to James Wheelan for alleged damage done his field by the culvert in the Haraman Brook "so called."

Art. 35. To see if the town will vote to accept a sum of money from the Estate of the late S. C. Kennedy, same to be placed in the Augusta Savings Bank, the interest to be used for the care of the Kennedy cemetery lot at Coopers Mills.

Art. 36. To see if the town will vote to authorize the selectmen to buy a road machine and what sum of money they will grant and raise to pay for the same.

The Selectmen will be in session at the town house in said Whitefield at nine o'clock in the forenoon, on the day of said meeting for the purpose of correcting the list of voters in said town.

HEREOF FAIL NOT and have you there and then this warrant with your doings thereon. Given under our hands in the said Town of Whitefield this fifteenth day of February A.D. 1937.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the Citizens of Whitefield:*

Much has been accomplished by the loyalty and help of those who have pupils in school and by friends who have also worked and given their support. The teachers have been encouraged and have made every effort to buy needed equipment and advance the scholarship of their pupils. I hope many will visit the schools and observe the interest of the pupils and the ability that is being developed by the new reading methods and the new books.

Our high school tuition pupils are a credit to their home schools. We have 20 attending other high schools and there are from 8 to 10 on the honor rolls. Several are receiving higher rank in the larger schools than they received here. This shows our high school is maintaining a high standard.

During this past year a floor was laid in the Kings Mills School. That room is large and the cost was more than we expected. We need one more new floor. The one in the Plains School is in very bad condition and ought to be replaced very soon. It will not cost as much there, as the room is small.

The high school transportation money has been distributed among 25 different pupils. It has been a real help to them and several could not attend if they did not get some of this fund.

You will note the Textbooks and Supplies Account is over-expended. Have been keeping within it for several years, but this year some of the pupils would have been without books if only the \$275.00 was spent. Not even old books were available as those had been sent to the book companies. By returning the old books, the town received 15% more discount toward the new ones and to get that percentage was obliged to send before Jan. 1, 1937. Since that time only 5% has been allowed for old books. Am asking for \$350.00 for Books and Supplies. If less is voted, shall keep within the appropriation, but it will mean that part of the pupils will have to use the old physiologies and we will not be able to keep on with the new basal reading series. Also will

not have enough to buy as much paper as usual. Our schools are only partially supplied now and next year we have been notified to expect an advance in the price. We have old physiologies on hand as that company only allows 5% and we have until the end of this year to send in the old books.

The school law requires us to vote at least \$50.00 a year for the High School Library. Out of this money we are asked to subscribe for an excellent daily newspaper, "Times" recommended, a few good magazines and some up-to-date books. We are also obliged to make an appropriation to use in buying equipment needed in teaching high school subjects. The Agent for Secondary Education told me \$25.00 will be satisfactory for next year.

When you vote on the school appropriations, will you please keep in mind the uncertainty of some of our expenses, such as high school tuition and common school transportation. I am recommending \$250.00 less for the High School and Tuition Account. \$150.00 of that amount, will provide for the library, equipment and the increase in the book fund. The total of all the appropriations recommended is \$100.00 less than the amount appropriated last spring.

I recommend the following appropriations:

Common Schools	\$2,500.00
High School and Tuition	1,450.00
High School Library	50.00
High School Equipment	25.00
Textbooks and Supplies	350.00
Repairs and Insurance	200.00

Respectfully submitted,

LILA N. LEAVITT,

*Superintendent.*

## TOWN WARRANT

To W. E. Cunningham, a constable of Whitefield in the County of Lincoln and State of Maine.

Greeting:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Whitefield, qualified by law to vote in town affairs to meet at the town house in said town on the seventh day of March, A. D. 1938, at ten o'clock in the forenoon to act on the following articles, to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a clerk.

Art. 3. To hear and act on the report of the several town officers.

Art. 4. To elect selectmen, assessors and overseers of the poor.

Art. 5. To elect a treasurer.

Art. 6. To elect an auditor.

Art. 7. To elect one or more road commissioners.

Art. 8. To elect a collector of taxes.

Art. 9. To fix a time when the taxes of 1938 shall be paid in full.

Art. 10. To elect one or more members of the school committee.

Art. 11. To elect one or more fire wards.

Art. 12. To elect one or more constables.

Art. 13. To choose all other necessary town officers.

Art. 14. To see what sum of money the town will grant and raise for the support of common schools, for free high school, for text books and supplies, and for transportation of high school pupils for the ensuing year.

Art. 15. To see what sum of money the town will grant and raise for repairs on school buildings for the ensuing year.

Art. 16. To see what sum of money the town will grant and raise for the support of poor for the ensuing year.

Art. 17. To see what sum of money the town will grant and raise to pay on the town debt.

Art. 18. To see what sum of money the town will grant and raise for interest, for town officers' salaries, for salary of superintendent of schools and for incidental expenses for the ensuing year.

Art. 19. To see what sum of money the town will appropriate to decorate soldiers' graves in town.

Art. 20. To see what sum of money the town will grant and raise for street lights in the town.

Art. 21. To see if the town will vote to authorize the selectmen to sell tax deeds in the hands of the treasurer.

Art. 22. To see if the town will vote to authorize the selectmen to hire money in anticipation of taxes should the same become necessary.

Art. 23. To see what sum of money the town will grant and raise for maintaining the improved section of third class

highways, for patrolman and for cutting bushes on improved roads for the ensuing year.

Art. 24. To see what sum of money the town will grant and raise for the repairs on roads and bridges for the ensuing year.

Art. 25. To see what sum of money the town will grant and raise for snow bills for the ensuing year.

Art. 26. To see if the town will vote to fix the wages of men, teams and trucks on the highway, and the salary of the several town officers for the ensuing year.

Art. 27. To see what sum, if any, the town would recommend to take from the joint state aid account for the purpose of applying bituminous surface treatment to state aid roads, in excess of the requirements of section 2, Chapter 132, P. L. 1935.

Art. 28. To see what sum the town will appropriate for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

Art. 29. To see what sum of money the town will grant and raise for the support of W P A projects.

Art. 30. To see if the town will vote to authorize the selectmen to relocate the No. 7 road so called, to eliminate the Ford Bridge so called.

Art. 31. To see if the town will vote yes or no on the question of appropriating all special road appropriations from the amount regularly raised for the repairs on roads and bridges, instead of raising the said special road appropriation by taxation.

Art. 32. To see if the town will vote to recommend that third class road construction for the year 1938, begin on the Chelsea end or the Keys corner end.

Art. 33. To see if the town will vote to discontinue the road leading from H. C. Bailey's to Franklin Tyler's.

Art. 34. To see if the town will vote to discontinue the road leading northward from the residence of John Kastanowski to the third class road being the Davis road so called.

Art. 35. To see if the town will vote to discontinue the road leading southwestward from the residence of J. E. Doyle to Route 126.

Art. 36. To see if the town will grant and raise the sum of \$150.00 to repair the road leading southward from the residence of John Kastanowski to Route 126.

Art. 37. To see if the town will vote to improve the drainage from the culvert on the third class road near the residence of Peter Field.

Art. 38. To see if the sum of \$47.00, or more, will be raised for school nursing in the town of Whitefield to be expended under the auspices of the Bureau of Health of the State Department of Health and Welfare.

Art. 39. To see if the town will vote to limit the taxes at \$50.00 a year for a period of five years, if Mr. J. L. Tarr buys the Chester Boynton Mill and operates it.

Art. 40. To see what sum of money the town will grant and raise to build a vault for records and an office for the Selectmen at the Town House.

The Selectmen will be in session at the town house in said

Whitefield at nine o'clock in the forenoon, on the day of said meeting for the purpose of correcting the list of voters in said town.

Hereof fail not and have you there and then this warrant with your doings thereon. Given under our hands in the said Town of Whitefield this twenty-third day of February A. D. 1938.

## AUDITOR'S REPORT

To the Inhabitants of the Town of Whitefield:

Your Board of Selectmen has requested this department to make an audit of the accounts of your town officers for the municipal year 1938.

It is, of course, a physical impossibility for us to audit all municipalities before town meeting. However, we are attempting to make plans whereby more audits can be made during the months of February and March each year, starting with the year 1940.

We will start the audit in your town as soon as possible after April 1st and trust this action will be satisfactory.

Very truly yours,

Division of Municipal Accounts

HAROLD E. CRAWFORD  
Chief Auditor

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Whitefield:

I am sure there are enough parents and friends of the children to give our schools better support and to secure funds for 2 weeks more of school and the necessary books. Why are more funds needed? Here is one illustration: The State Examinations, we give for entrance to high school, now include a literature test. The poor ranks showed the need of a strong course to insure adequate preparation in this subject. We ought to have had these books during the past two years, but with the other necessities the best I could do was to purchase 27 books. The other three towns are well supplied. To just equip the 7th and 8th grades we need at least 100 books and the cost is a little over \$1.00 per copy. Not only will plenty of literature help the pupils to pass in their examinations, but it will enable them to go into high school better equipped for their work. Why do your children need more weeks of school? Scholastic standards are constantly advancing and 32 weeks is a short time to accomplish the requirements of the State Course of Study. Two towns in this union already have 36 weeks. The teachers have been very cooperative and resourceful. It is due to their loyalty and making the best possible use of what we provided that the pupils haven't suffered more. Do we do the best we can according to our ability to pay? I have always been told we do not. Here are the School Rates for this union: Somerville, 02186; Chelsea, 02006; Windsor, 01228; Whitefield, 01051. Do we pay our teachers as much as these other towns? No, our highest paid teachers are \$1.00 per week under any other school. In all but 2 schools they are more than that below the maximum as the others receive \$15.00, \$16.00 and \$17.00.

Although our teachers are poorly paid and deserve more I do not ask for it at this time, for more books and more weeks of school are the most pressing needs. Extra

weeks will help the teachers some by giving two more weeks of work. If, after reading this report you are convinced your children should have a better chance will you please attend Town Meeting and be on the alert to get the appropriation I am recommending?

There is a large sophomore class in our high school and the tuition to other schools will probably be larger next year. We have 26 in our 8th grade and that will make up for the number we will graduate.

The \$50.00 for the High School Library has been used as follows: For the New York Times, and several magazines, 4 late reference books and a New International Dictionary.

We have a new course called "How Modern Business Serves Us". This is very practical and up-to-date and many are taking it.

The pupils receive a great deal of benefit from the work they do in financing and editing their school paper. Every one has to help to make it a success. It is a credit to the school and improves with every edition.

The high school room has been very thoroughly repaired. It is now an attractive room. All appreciate the pleasant surroundings and are proud of having a modern schoolroom.

Repairs. A new floor in the Plains School. It is in very poor condition and we have 24 pupils there. At Coopers Mills the Primary Room should be enlarged. There are about 30 pupils in that school and only one or two classes can stay in there at a time. The others have to remain in the main room. It is almost impossible to provide proper ventilation. At North Whitefield a new platform and steps. The parents have been asking for this for some time. Some rooms ought to be papered and have the ceilings whitened.

In 1938 we had \$209.00 unexpended in the Common School Account, but unavoidable expenses have reduced that to a few dollars. Even to continue without anything added will require at least \$300.00 more than last year. If you desire 2 weeks more of school add \$250.00 to that. This will not be a very heavy burden for us as the High School Account shows a very satisfactory balance and we will not be obliged to vote as much

for that purpose. The following quotation is from a recent bulletin from Dr. Bertram E. Packard, Commissioner of Education. "No matter how important other municipal activities may be appropriations for these activities should never be made at the expense of the appropriations for public education."

Please notice the excellent condition of our school accounts

I recommend the following appropriations:

Common Schools, 32 weeks	\$2,800.00
Common Schools, 34 weeks	3,050.00
Textbooks and Supplies	350.00
High School and Tuition	1,300.00
High School Transportation	300.00
High School Library, required by State	50.00
Repairs and insurance to be given at Town Meeting.	

Respectfully submitted,

LILA N. LEAVITT,

Superintendent

Art. 17. To see what sum of money the town will grant and raise for interest, for town officers' salaries, for salary of superintendent of schools, and for incidental expenses for the ensuing year.

Art. 18. To see what sum of money the town will appropriate to decorate soldiers' graves in town.

Art. 19. To see what sum of money the town will grant and raise for street lights in the town.

Art. 20. To see if the town will vote to authorize the selectmen to sell tax deeds in the hands of the treasurer.

Art. 21. To see if the town will vote to authorize the selectmen to hire money in anticipation of taxes should the same become necessary.

Art. 22. To see what sum of money the town will grant and raise for maintaining the improved section of

third class highways, for patrolman and for cutting bushes on improved roads for the ensuing year.

Art. 23 To see what sum of money the town will grant and raise for the repairs on roads, and on bridges for the ensuing year.

Art. 24. To see what sum of money the town will grant and raise for snow bills for the ensuing year.

Art. 25. To see if the town will vote to fix the wages of men, teams and trucks on the highway, and the salary of the several town officers for the ensuing year.

Art. 26. To see what sum, if any, the town would recommend to take from the joint state aid account for the purpose of applying bituminous surface treatment to state aid roads, in excess of the requirements of Section 2, Chapter 132, P.L. 1935.

Art 27. To see what sum the town will appropriate for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

Art. 28. To see if the town will vote to delay the building of an office for the Selectmen and a vault for the town records one year.

Art. 29. To see if the town will vote to choose a committee of not less than three men whose duty it shall be to submit to the next annual town meeting a plan of a selectmen's office and a vault for the town records, together with an estimated cost of the same.

Art. 30. To see what sum of money the town will grant and raise for the support of W. P. A. projects.

REPORT OF THE  
SUPERINTENDENT OF SCHOOLS

---

*TO THE CITIZENS OF WHITEFIELD:*

Several times this year someone has said he felt and others d'id, that attending our small high school handicapped the pupils. I do not agree with this and have plenty of proof to the contrary. Have always kept a very close check on all who have attended here and gone on to other schools. Nearly all have attended the large city high schools without any difficulty as shown by their ranks, receiving about the same there as in their home school. It is true changing over to more teachers is hard for some, but it very seldom affects their ranks. The change is more than offset by the chance to recite often and more help from the teacher in getting started in the high school work. Almost everyone agrees first year high is a hard place to get adjusted. Going 2 years to large high schools is valuable to enable them to become used to more teachers and to take subjects we do not have here. We have talked with the nearby high school principals and the subjects offered seem adequate to fit into the courses in the larger schools. Several of our young men and women, who have attended the home school, have graduated from college and normal school. Some have received ranks that placed their names among those having highest honors. There are many in town who are very loyal to our school and would like a four years' course.

The money unexpended in the High School Library Account is to be used toward the purchase of an up-to-date set of reference books.

For several years nothing has been done to improve the interior of the grade schoolrooms. Several need new paint, paper and the ceilings whitened. A cheerful, attractive room helps every-

one and shows our interest in the children's welfare. The Plains School floor is in very poor condition. There are also repairs on the toilets that require immediate attention.

We all appreciate your addition to the appropriation for books and supplies. It has enabled us to buy new spellers for the first 6 grades and ancient histories. The histories were needed to comply with the State Course of Study. Many books are still needed to provide the pupils with the information they should have available in their schoolrooms. Please ask your children to bring home a copy of the new spellers for your inspection. Note the daily drills, the constant review, the informational matter and the helps in English as well as in spelling. The new series of spellers are the 1939 edition and 7th and 8th book isn't printed yet. Expect it will be ready soon and if you are generous with your 1940 funds for books and supplies we will be able to get the books for the grammar grades.

Several parents have talked with me about having a 34-week year. Feel their children are overworked to do the work they must do to be eligible to take the State Examinations. There isn't any question there should be more time to complete the work. No one can do as well to crowd the work into 32 weeks. Multiply the weeks lost by the number of years the children attend and you will realize how much they are losing. This town is the only one in this union still having only 32 weeks.

I recommend the following appropriations:

Common Schools, 32 weeks	\$2,900.00
Common Schools, 34 weeks	3,100.00
Textbooks and Supplies	300.00
*High School and Tuition	900.00
**High School Transportation	360.00
High School Library, required by State	50.00
Repairs and Insurance	200.00

\*You save enough on the appropriation for High School and Tuition to pay \$400.00 toward the amount needed for the Common Schools.

\*\*The High School Transportation Account has been overexpended for many years. \$360.00 will pay for transportation and the overdraft.

Respectfully submitted,

LILA N. LEAVITT,  
*Superintendent*
